May 2017

We discovered that education is not something which the teacher does, but that it is a natural process which develops spontaneously in the human being - Maria Montessori

Scholastic Book Fair

Your support at the Scholastic Book Fair was really appreciated. With your generosity, the classrooms were enriched with all your donated books. Thank you very much!

Water Days WOO - HOO!!!

Water days will be in June and July on Wednesdays. Toddler Class from 9 A.M. - 10:00 A.M. and Primary Classes from 10 A.M. - 11:30 A.M. Water Day Guidelines are available at the front desk! For Safety Issue - Please bring closed toe water shoes, no water play without them.

Field Trips!!!

Field Trips (ages 5 plus) are scheduled for Thursdays during the summer. Please note that Uniform shirts are a requirement.

Reminder on Shoe Policy

Remember that all students have to wear "closed toe" shoes/sandals, to avoid any accidents and to allow safe and comfortable playground time.

Thank You

A big thank you to our parents for making "Teacher Appreciation Week" so special, by bringing the breakfast, all kinds of delicious eats and the thoughtful gifts. THANK YOU!!!

Classroom Happenings:

Toddlers: In the month of May, students talked about Mother's Day. They did Mother's day cards to show how much they love their mom's. Each child was taught to love and appreciate their moms not only on Mother's day but every day. The class also talked about farm animals and the food they provide us with. The colors black and brown were taught by doing group activities. The shape of the month being Octagon was taught by coloring the shape.

Primary 1: The students learned about the importance of consuming vegetables and fruits in their meals and the value they give to our health. They were all smiles as they sat on the table to role play table manners, while eating their nutritious meal. They enjoyed making "Lollifruits and Lolliveggies" for their art project. For Mother's Day the class had delightful discussion recalling their favorite moments with their mothers. Each one created a "Wall Frame" as their present for mom. The frame contained a touching message to show how proud they are of her. The class also talked about the history of kites and how the wind makes them fly. They made a colorful "Butterfly Kite" with cute little bows on the tail. They had a blast flying the kites outside! The children also learned about the different places and things Europe is most known for.

Classroom Happenings cont....

Primary 2: Eating right and eating well is really important. The children learned to differentiate good food from junk food. The class made pumpkin pie for the art project. They sprinkled real cinnamon on top of the drawn pumpkin. This is so sensorial. It involves their senses especially the sense of smell. Mothers' are so special to us! We love them. This is the value we teach our children. The class made a card for moms out of the puzzle pieces then made a keepsake questionnaire and some children answer turned out to be so funny and cute! Children played a trip to Europe using their own imagination. It was so much fun! Kite is a fascinating object. It was invented a long time ago. Countries all over the world have their own kite festival. The class watched some of the videos of them. Children made their own kites and flew them in the playground. The children loved the fun of flying while enjoying the breeze of summer time.

Classroom Happenings cont....

Primary 3: The children were looking at our school garden and they noticed our dill herb was going to seed because it is a cool weather crop. The children took a taste of the dill. They also collected the last of our lettuce, kale, spinach, bell pepper and banana pepper. The children also picked some of our fresh snake beans and had them with their lunch. The children made some beautiful carp kites and they flew them in the playground. Thank you Andrea Pro (Alina's mom) for donating the beautiful bags to Ms. Kimberly's class. Diya and Alina did a great job sewing designs on it.

Have a safe and fun Summer!
